Old Jameson Distillery - Shindig Evening, 7<sup>th</sup> September 2006

Set in the heart of Ireland's thriving capital city, Dublin, The Old Jameson Distillery captures the imagination and the spirit of Ireland!

Originally built in 1780, the Old Jameson Distillery, once considered one of the largest and finest Distilleries in the world, has been recreated to its former glory and is now an award winning visitor centre.

A special dinner and evening entertainment programme is organised. The evening commences with a visit of the museum where the group will be shown the secrets of distilling Irish whiskey. Dinner is then served after and the entertainment starts. Fine balladeers will lead the music and songs before introducing some Irish dancers who will amaze us with the quality of their Irish dancing. A great night's entertainment in wonderful surroundings!

---
